

Technical Specification Sheet

12+Pako W Plastic Circuit-Breaker
Distribution Enclosure 30x40x17

SKU: OVP304017-12PK · Brand: VATPAN · Wall-Mount Outdoor Cabinets

Rated IP65 against dust and water: distribution boards with an opaque lid, an ABS shield and W-type circuit-breaker distribution.

SPECIFICATIONS

Height	400mm
Width	300mm
Depth	170mm
IP Rating	IP65
Door Type	Solid Steel

WHERE IT'S USED

Base Stations & Telecom Sites

IP54/IP55-rated protection against rain, dust and humidity for outdoor conditions.

Traffic & Surveillance Camera Systems

Securely houses recording and communication equipment on poles or in field installations.

Construction Site & Field Electronics

Isolates sensitive electronics from the elements in temporary or permanent outdoor setups.

DESCRIPTION

PRODUCT DETAILS

Distribution panels with 12 package switches, opaque lid, and an ABS breaker shutter, for W-type breaker distribution. In protection class IP65 it prevents the ingress of dust and water. Since the areas of application for plastic enclosures are exterior spaces exposed to environmental effects, they provide a degree of protection against the harmful effects that may occur on the equipment inside the enclosure due to the ingress of foreign solid objects (substances that could fall in, dust blown by the wind) and water (rain, sleet, snow, splashing water).

Manufactured by Vatpan, the leading brand in Plastic Electrical Enclosure solutions.

Barcode OVP304020-12PK

MEASUREMENTS

Width	300mm
Height	400mm
Depth	200mm
Protection class	IP65
• Protected against dust ingress and water jets in humid and wet areas	

MATERIALS & CARE

• ABS plastic raw material
• Unbreakable, Halogen Free
• Mounting plate manufactured from 1,5 mm galvanized sheet.
• IP 65 protection class
• CE Certified
• RAL 7035 grey color used.
