

Technical Specification Sheet

12U 19" 300mm Outdoor CCTV Pole-Type Rack Cabinet Double-Wall

SKU: **HCMOB12U3002X** · Brand: **VATPAN** · Outdoor CCTV-Type Rack Cabinets

12U 19" 300mm outdoor pole-mount CCTV rack cabinet. Its double-wall construction houses 19-inch equipment, and IP65 and IP66 ratings keep dust and water out.

SPECIFICATIONS

U Height	12U
Height	615mm
Width	600mm
Depth	300mm
IP Rating	IP65/IP66
Door Type	Solid Steel

WHERE IT'S USED

Base Stations & Telecom Sites

IP54/IP55-rated protection against rain, dust and humidity for outdoor conditions.

Traffic & Surveillance Camera Systems

Securely houses recording and communication equipment on poles or in field installations.

Construction Site & Field Electronics

Isolates sensitive electronics from the elements in temporary or permanent outdoor setups.

DESCRIPTION

PRODUCT DETAILS

Thanks to its double-wall construction, the 12U 19" 300mm Outdoor Pole-Mount Rack Cabinet allows 19-inch equipment to be mounted. It provides IP65, IP66 protection against dust and water ingress. Since its application areas are outdoor environments exposed to environmental effects, it provides a degree of protection against foreign solid objects (particles that could fall inside, dust carried by wind) and water (rain, sleet, snow, splashing water) that could otherwise damage the equipment inside the cabinet. It is shipped together with a 19" 170mm deep shelf and a pole-mounting bracket. A fan module and other accessories can optionally be added.

Rack Cabinet solutions are manufactured by **Vatpan**, the leading brand in the field.

Products that may be housed inside include network access devices, wireless devices (Wireless Modem/ Router), video recording devices (DVR), telephone junction boxes (junction box or splitter), Hub/Switch, external disk, UPS power supply, etc.
