WHERE IT'S USED

Data Centers & Server Rooms

Ideal for housing high-density servers and network gear securely, tidily, and with proper cooling.

Enterprise IT Infrastructure

Consolidates the core network, storage and server infrastructure of mid-to-large organizations in one place.

Telecom Exchanges

Generous interior volume and cable management suited to the dense wiring needs of exchange and backbone equipment.

DESCRIPTION

12U 19" 800x1000 Free-Standing Type Rack Cabinet — click for the installation guide...

PRODUCT DETAILS

The 19" 12U Free-Standing Type Efficient modular rack cabinet series offers ease of use with its easy assembly, an aesthetic appearance thanks to the 4mm tempered glass on the front, cable entries from the bottom and top, and a top panel suitable for fan mounting. Free-standing type rack cabinets have a 400kg load capacity and, together with 4 adjustable equipment rails, feature an all-steel construction and ergonomic design. They are compatible with shelf systems with a depth of 800-300mm. Optionally, a 2-fan or 4-fan module can be connected to the top panel.

Vatpan is the leading brand in **rack cabinet** solutions and manufactures this product.

Products that can be housed inside include network access devices, wireless devices (wireless modem/router), camera recording devices (DVR), telephone junction boxes (junction box or splitter), hub/switch, external hard disk, UPS power supply, server chassis, computer, etc.
