PRODUCT DETAILS

The 19" 16U floor-standing Efficient modular rack cabinet series offers ease of use with its easy assembly, an aesthetic appearance provided by the 4mm tempered glass front, top and bottom cable entries, and a top cover plate suitable for fan mounting. Floor-standing rack cabinets have a load capacity of 400kg, come with 4 adjustable equipment rails, a fully steel construction, and an ergonomic design. They are compatible with shelving systems with a depth of 600-300mm. Optionally, 2 or 4 fans can be mounted on the top panel.

Rack Cabinet solutions are manufactured by the leading brand **Vatpan**.

Possible products to be placed inside include network access devices, wireless devices (Wireless Modem/ Router), video recording devices (DVR), telephone junction boxes (enclosures or splitters), Hub/Switch, external disks, UPS power supplies. Server chassis, computers, etc.
