WHERE IT'S USED

Server Test & Development Environments

A practical choice for temporary or test setups that need frequent access and quick changes.

High-Airflow Installations

The open, doorless design maximizes airflow — an advantage for high-heat equipment.

Studio & Broadcast Equipment

Favored in live broadcast environments where AV gear needs fast cable changes.

DESCRIPTION

PRODUCT DETAILS

The 19" 16U open rack cabinet / open-type rack cabinet is ideal for cabinet solutions used in server applications in clean, dust-free environments where a closed cabinet structure is not required. Being of open type, you can easily integrate your applications onto it. It is compatible with console shelf systems with a depth of 400-300mm.

**Rack Cabinet** solutions manufactured by the leading brand **Vatpan**.

Possible products to be placed inside include network access devices, wireless devices (Wireless Modem/ Router), camera recording devices (DVR), telephone connection boxes (junction box or splitter), Hub/Switch, external disk drives, UPS power supplies. Server

chassis, computers, etc.

**Materials and Maintenance**

Manufactured from 1311 grade galvanized material.
