

Technical Specification Sheet

19" 6x Aluminum Power Strip (Fused)

SKU: PRZ6S · Brand: VATPAN · Power Strips (PDU)

SPECIFICATIONS

Door Type	Perforated
-----------	------------

WHERE IT'S USED

Expanding Existing Cabinet Infrastructure

Easily added to existing cabinets as cable management, cooling or power needs grow.

Easier Maintenance & Service

Practical solutions that speed up technicians' day-to-day operations and maintenance work.

DESCRIPTION

PRODUCT DETAILS

Aside from powering the active devices inside the rack cabinet, it is recommended to use a socket group that leaves a minimum of 2 sockets free. The 6-way and 8-way socket groups are available with switch, with fuse, and with surge protector (USP) options. For network cabinets, the 19"(inch) 6-way and 8-way socket groups are the most preferred. Rack Cabinet solutions are manufactured by Vatpan, the leading brand.
