PRODUCT DETAILS

The 19" 20U floor-standing Efficient modular rack cabinet series offers ease of use with its easy assembly, openable and lockable side and rear panels, an aesthetic appearance provided by the 4mm tempered glass front, top and bottom cable entries, and a top cover plate suitable for fan mounting. Floor-standing rack cabinets have a load capacity of 400kg, come with 4 adjustable equipment rails, a fully steel construction, and an ergonomic design. They are compatible with shelving systems with a depth of 600-300mm. Optionally, 2 or 4 fans can be mounted on the top panel, or an inter-module fan can be fitted to the uprights. Leveling feet and castors can be installed.

Rack Cabinet solutions are manufactured by the leading brand **Vatpan**.

Possible products to be placed inside include network access devices, wireless devices (Wireless Modem/ Router), video recording devices (DVR), telephone junction boxes (enclosures or splitters), Hub/Switch, external disks, UPS power supplies. Server chassis, computers, etc.
