WHERE IT'S USED

Data Centers & Server Rooms

Ideal for housing high-density servers and network gear securely, tidily, and with proper cooling.

Enterprise IT Infrastructure

Consolidates the core network, storage and server infrastructure of mid-to-large organizations in one place.

Telecom Exchanges

Generous interior volume and cable management suited to the dense wiring needs of exchange and backbone equipment.

DESCRIPTION

22U 19" 800x1000 Floor-Standing Type Rack Cabinet, click for the installation guide...

PRODUCT DETAILS

The 19" 22U Floor-Standing Type Efficient modular rack cabinet series offers ease of use with its easy installation, aesthetic appearance, 4mm tempered glass on the front, cable entries at the bottom and top, and a top panel suitable for fan mounting. Floor-Standing Type rack cabinets have a 400kg load capacity, come with 4 adjustable equipment rails, an all-steel construction, and an ergonomic design. They are compatible with shelf systems with a depth of 800-300mm. Optionally, 2 or 4 fans can be mounted on the top panel.

Rack Cabinet solutions manufactured by the leading brand **Vatpan**.

Possible products to be placed inside include network access devices, wireless devices (Wireless Modem/ Router), camera recording devices (DVR), telephone connection boxes (junction box or splitter), Hub/Switch, external disk drives, UPS power supplies. Server chassis, computers, etc.
