PRODUCT DETAILS

The 19" 24U 600x800 Free-Standing Rack Cabinet Eco Series holds a leading position among 19" rack cabinet and free-standing rack cabinet solutions, standing out for its price-performance balance and offering an excellent choice for your technology infrastructure. This series has a 400 kg load capacity and is designed to meet all your requirements. Its steel construction, reinforced with 0.80 mm high-quality sheet metal and multi-layer bending technology, delivers an ideal balance of durability and performance.

Free-standing rack cabinets come with 4 adjustable equipment rails and offer ease of use thanks to their ergonomic design. Compatible with shelving systems of 600-300mm depth, these cabinets offer flexible use, while an optional dual fan, a quad fan, or an inter-rail fan module can be added to the top panel, providing additional options for cooling your equipment. The option to fit castors and glides also provides the advantage of mobility and easy repositioning.

The Eco Series' superior security features are provided by panels with a concealed pin hinge system, offering both enhanced security and easy access. Even for your wall-mount rack cabinet needs, this lets you access your equipment smoothly and securely, carrying out management and maintenance tasks without interrupting your workflow.

Fully compatible with rack cabinet accessories, the Eco Series stands out for its cost-effectiveness and high efficiency, its 25% lighter structure letting you save on shipping costs. Offering unique advantages for 24U rack cabinets and 24U rack cabinet prices, the Eco Series delivers the economical solution you are looking for in rack cabinet pricing. Preferred across a wide geography, particularly in Istanbul, this series is the ideal choice for those seeking an optimum cost-performance balance.

In short, with the Eco Series you get a secure, durable, and high-capacity solution for your technology infrastructure at competitive prices. Setting a new standard among rack cabinet solutions, the Eco Series stands out for its cost-effectiveness, ergonomic design, and expandable structure.

Manufactured by **Vatpan**, the leading brand in **Rack Cabinet** solutions.
