PRODUCT DETAIL

The 19" 26U Server-X rack cabinet series offers you ease of use with its easy installation, openable and lockable side and rear doors, an aesthetic front panel featuring a honeycomb-shaped perforated convex sheet, cable entries from top and bottom, and a top ceiling panel suitable for fan mounting. Free-standing rack cabinets have a 400kg load capacity and, together with 4 adjustable equipment mounting rails, feature a fully steel construction and ergonomic design. They are compatible with shelf systems with a depth of 600-300mm. Optionally, 2 or 4 fans can be mounted on the top panel.

Manufactured by **Vatpan**, the leading brand in **Rack Cabinet** solutions.

Possible products to be placed inside include network access devices, wireless devices (Wireless Modem/ Router), camera recording devices (DVR), telephone connection boxes (junction box or splitter), Hub/Switch, external disk, UPS power supply. Server chassis, computer, etc.
