

Technical Specification Sheet

3U 19" 180 Socket Power Strip

SKU: RCP180 · Brand: VATPAN · Accessories

SPECIFICATIONS

U Height	3U
Door Type	Perforated

WHERE IT'S USED

Expanding Existing Cabinet Infrastructure

Easily added to existing cabinets as cable management, cooling or power needs grow.

Easier Maintenance & Service

Practical solutions that speed up technicians' day-to-day operations and maintenance work.

DESCRIPTION

PRODUCT DETAILS

The 19" 3U 180-socket power strip is manufactured to provide single-point power distribution for equipment mounted inside the rack cabinet (switches, servers, UPS units, network devices). With a capacity of 180 sockets, it provides a sufficient number of outlets for dense cabinets where many devices need to be powered simultaneously. It has standard 19" rack mounting holes at 3U height.

Vatpan is the leading brand of rack cabinet and industrial enclosure solutions.

MEASUREMENTS

Height (U)	3U
Number of sockets	180 pcs
Mounting	standard 19" rack mounting

MATERIALS & CARE

- Grounded Schuko-type sockets
- Internal wiring complies with TS standards against leakage current
- Fixed to the rear/side panel of the rack cabinet with screws
- To prevent overload, check your cabinet's total power budget (watts)

This product is designed and manufactured by VATPAN under engineering and production processes that reference European standards. Visit vatpan.com for current technical documentation and certificates.
