

Technical Specification Sheet

400x500x200mm Surface-Mount Monoblock
Stainless Steel Enclosure

SKU: **PTS4050** · Brand: **VATPAN** · Wall-Mount Stainless Steel Enclosures

SPECIFICATIONS

Height	500mm
Width	400mm
Depth	200mm
Door Type	Solid Steel

WHERE IT'S USED

Food & Beverage Production

Stainless steel construction suits facilities with frequent washdowns and high hygiene standards.

Pharmaceutical & Chemical Industry

Used safely in environments demanding high resistance to chemical exposure and corrosion.

High-Humidity & Coastal Environments

Superior corrosion resistance for coastal facilities and other demanding conditions.

DESCRIPTION

PRODUCT DETAILS

400x500x200mm surface-mounted monoblock stainless enclosure, manufactured with a 304-grade chrome steel body for medium-scale distribution/control panel needs. The load-bearing top and bottom chassis has a monoblock welded structure; it offers a significantly longer service life than a standard cold-rolled (DKP) body in corrosive or humid environments.

Vatpan is the leading brand in rack cabinet and industrial enclosure solutions.

MEASUREMENTS

Width	400mm
Height	500mm
Depth	200mm
Protection class	IP54

MATERIALS & CARE

• Monoblock body structure
• Body 1mm and covers 1.5mm 304-grade chrome steel
• Standard color RAL 7035 or optional color
• All load-bearing connection parts are 1.5 mm 304-grade chrome steel
• Please request a quotation for assembled and custom enclosures.
• IP 54 protection class
