PRODUCT DETAILS

The 19" 42U Server-X rack cabinet series offers ease of use with its easy installation, openable and lockable side and rear doors, an aesthetic honeycomb-pattern perforated front sheet, top and bottom cable entries, and a top cover sheet suitable for fan mounting. Free-standing rack cabinets have a load capacity of 400kg and, together with 4 adjustable equipment uprights, feature an all-steel construction and ergonomic design. They are compatible with shelf systems with a depth of 800-300mm.

Rack Cabinet solutions are manufactured by **Vatpan**, the leading brand.

Possible products to be placed inside include network access devices, wireless devices(Wireless Modem/ Router), camera recording devices(DVR), telephone junction boxes (junction box or splitter), Hub/Switch, external disk, UPS power supply, server chassis, computer, etc.
