

Technical Specification Sheet

46+Pako W Plastic Circuit-Breaker
Distribution Enclosure 40x60x20

SKU: **FVP406020-46PK** · Brand: **VATPAN** · Distribution Enclosures

Rated IP65 against dust and water: 46+ module distribution boards with a tinted window lid, an ABS panel and W-type circuit breakers.

SPECIFICATIONS

Height	600mm
Width	400mm
Depth	200mm
IP Rating	IP65
Door Type	Solid Steel

WHERE IT'S USED

High Humidity / Dust Environments

Corrosion-resistant construction gives long service life in damp or dusty industrial settings.

Lightweight Industrial Facilities

Lighter than a metal enclosure, making installation and handling easier.

Chemical-Exposure Environments

Favored over metal where resistance to certain chemicals is required.

DESCRIPTION

PRODUCT DETAILS

46+-pole, smoke-tinted (fumé) lid, ABS-shuttered, W-type automatic circuit breaker distribution panels provide IP65 protection against dust and water ingress. Since plastic enclosures are typically used outdoors where they are exposed to environmental effects, they provide a degree of protection against harmful effects on the equipment inside the enclosure caused by the ingress of foreign solid objects (materials that could fall in, dust blown by wind) and water (rain, sleet, snow, splashing water).

Plastic Electrical Enclosure solutions are manufactured by the leading brand **Vatpan**.

Barcode FVP406020-46PK

MEASUREMENTS

Width	400mm
Height	600mm
Depth	200mm
Protection class	IP65
• It is dust-tight and protected against water spray in humid and wet areas	

MATERIALS & CARE

• ABS plastic raw material
• Unbreakable, Halogen-Free
• The mounting plate is manufactured from 1,5 mm galvanized sheet steel.
• IP 65 protection class
• CE Certified
• RAL 7035 gray color is used.
