

Technical Specification Sheet

600x1000x200mm Surface-Mount Monoblock
Stainless Steel Enclosure

SKU: **PTS6010** · Brand: **VATPAN** · Monoblock Distribution Panels

SPECIFICATIONS

Height	1000mm
Width	600mm
Depth	200mm
Door Type	Solid Steel

WHERE IT'S USED

Factory Production Lines

Protects PLCs, contactors and motor drives from harsh industrial conditions.

Industrial Park Distribution Rooms

Enables safe, standards-compliant configuration of main and sub electrical distribution.

Energy Monitoring & Control Systems

Keeps meters, relays and monitoring equipment organized and accessible in one place.

DESCRIPTION

PRODUCT DETAILS

600x1000x200mm surface-mounted monoblock stainless enclosure, manufactured with a 304-grade chrome steel body for large distribution panel applications requiring a dense equipment layout. The load-bearing top and bottom chassis has a monoblock welded structure; it offers a significantly longer service life than a standard cold-rolled (DKP) body in corrosive or humid

environments.

Vatpan is the leading brand in rack cabinet and industrial enclosure solutions.

MEASUREMENTS

Width	600mm
Height	1000mm
Depth	200mm
Protection class	IP54

MATERIALS & CARE

• Monoblock body structure
• Body 1mm and covers 1.5mm 304-grade chrome steel
• Standard color RAL 7035 or optional color
• All load-bearing connection parts are 1.5 mm 304-grade chrome steel
• Please request a quotation for assembled and custom enclosures.
• IP 54 protection class
