

Technical Specification Sheet

65+Pako W Plastic Circuit-Breaker  
Distribution Enclosure 50x70x25

SKU: **FVP507025-65PK** · Brand: **VATPAN** · Wall-Mount Outdoor Cabinets

Rated IP65 against dust and water: distribution boards with a tinted window lid, an ABS panel and W-type circuit breakers.

SPECIFICATIONS

|           |             |
|-----------|-------------|
| Height    | 700mm       |
| Width     | 500mm       |
| Depth     | 250mm       |
| IP Rating | IP65        |
| Door Type | Solid Steel |

WHERE IT'S USED

Base Stations & Telecom Sites

IP54/IP55-rated protection against rain, dust and humidity for outdoor conditions.

Traffic & Surveillance Camera Systems

Securely houses recording and communication equipment on poles or in field installations.

Construction Site & Field Electronics

Isolates sensitive electronics from the elements in temporary or permanent outdoor setups.

DESCRIPTION

PRODUCT DETAILS

65+-pole, smoke-tinted (fumé) lid, ABS-shuttered, W-type automatic circuit breaker distribution panels provide IP65 protection against dust and water ingress. Since plastic enclosures are typically used outdoors where they are exposed to environmental effects, they provide a degree of protection against harmful effects on the equipment inside the enclosure caused by the ingress of foreign solid objects (materials that could fall in, dust blown by wind) and water (rain, sleet, snow, splashing water).

Plastic Electrical Enclosure solutions are manufactured by the leading brand **Vatpan**.
