

Technical Specification Sheet

65+Pako W Plastic Circuit-Breaker
Distribution Enclosure 50x70x25

SKU: OVP507025-65PK · Brand: VATPAN · Wall-Mount Outdoor Cabinets

Rated IP65 against dust and water: distribution boards with an opaque lid, an ABS shield and W-type circuit breakers.

SPECIFICATIONS

Height	700mm
Width	500mm
Depth	250mm
IP Rating	IP65
Door Type	Solid Steel

WHERE IT'S USED

Base Stations & Telecom Sites

IP54/IP55-rated protection against rain, dust and humidity for outdoor conditions.

Traffic & Surveillance Camera Systems

Securely houses recording and communication equipment on poles or in field installations.

Construction Site & Field Electronics

Isolates sensitive electronics from the elements in temporary or permanent outdoor setups.

DESCRIPTION

PRODUCT DETAILS

65+-pole, opaque-lid, ABS-shuttered, W-type automatic circuit breaker distribution panels provide IP65 protection against dust and water ingress. Since plastic enclosures are typically used outdoors where they are exposed to environmental effects, they provide a degree of protection against harmful effects on the equipment inside the enclosure caused by the ingress of foreign solid objects (materials that could fall in, dust blown by wind) and water (rain, sleet, snow, splashing water).

Plastic Electrical Enclosure solutions are manufactured by the leading brand **Vatpan**.

Barcode OVP507025-65PK

MEASUREMENTS

Width	500mm
Height	700mm
Depth	250mm
Protection class	IP65
• It is dust-tight and protected against water spray in humid and wet areas	

MATERIALS & CARE

• ABS plastic raw material
• Unbreakable, Halogen-Free
• The mounting plate is manufactured from 1,5 mm galvanized sheet steel.
• IP 65 protection class
• CE Certified
• RAL 7035 gray color is used.
