

Technical Specification Sheet

7U 19" 250mm Outdoor CCTV Pole-Type
Stainless Rack Cabinet Double-Wall

SKU: **HCMOB7U2502X-SS304** · Brand: **VATPAN** · Outdoor CCTV-Type Rack Cabinets

7U 19" 250mm outdoor pole-mount CCTV rack cabinet. Its double-wall construction takes 19-inch equipment, and IP65 and IP66 ratings keep dust and water out.

SPECIFICATIONS

U Height	7U
Height	395mm
Width	600mm
Depth	250mm
IP Rating	IP65/IP66
Door Type	Solid Steel

WHERE IT'S USED

Base Stations & Telecom Sites

IP54/IP55-rated protection against rain, dust and humidity for outdoor conditions.

Traffic & Surveillance Camera Systems

Securely houses recording and communication equipment on poles or in field installations.

Construction Site & Field Electronics

Isolates sensitive electronics from the elements in temporary or permanent outdoor setups.

DESCRIPTION

PRODUCT DETAILS

The 7U 19" 250mm outdoor CCTV pole-mount rack cabinet takes 19-inch equipment thanks to its double-wall construction. Rated IP65 and IP66, it keeps out dust and water. Since the areas of application are exterior spaces exposed to environmental effects, it provides a degree of protection against the harmful effects that may occur on the equipment inside the cabinet due to the ingress of foreign solid objects (substances that could fall in, dust blown by the wind) and water (rain, sleet, snow, splashing water). It ships with a 19" 170mm-deep shelf and the pole-mounting hardware. A fan module, a socket strip and other accessories can be added as options.

Rack Cabinet solutions by **Vatpan**, the leading brand in the field.

Equipment it is intended to hold includes network access devices, wireless devices (wireless modems/routers), camera recorders (DVRs), telephone junction boxes (splice boxes or splitters), hubs/switches, external drives and UPS power supplies.
