

Technical Specification Sheet

9U 19" 400mm Outdoor CCTV Pole-Type Rack Cabinet Double-Wall

SKU: **HCMOB9U4002X** · Brand: **VATPAN** · Outdoor CCTV-Type Rack Cabinets

9U 19" 400mm outdoor pole-mount CCTV rack cabinet. Its double-wall construction houses 19-inch equipment, and IP65 and IP66 ratings keep dust and water out.

SPECIFICATIONS

U Height	9U
Height	485mm
Width	600mm
Depth	400mm
IP Rating	IP65/IP66
Door Type	Solid Steel

WHERE IT'S USED

Base Stations & Telecom Sites

IP54/IP55-rated protection against rain, dust and humidity for outdoor conditions.

Traffic & Surveillance Camera Systems

Securely houses recording and communication equipment on poles or in field installations.

Construction Site & Field Electronics

Isolates sensitive electronics from the elements in temporary or permanent outdoor setups.

DESCRIPTION

PRODUCT DETAILS

The 9U 19" 400mm Outdoor CCTV/Camera Pole-Mount Rack Cabinet allows 19-inch devices to be mounted thanks to its double-wall structure. With IP65/IP66 protection class, it prevents the ingress of dust and water. Since its application areas are outdoor spaces exposed to environmental effects, it provides a degree of protection against harmful effects on the equipment inside the cabinet caused by the ingress of foreign solid objects (materials that could fall inside, dust blown by wind) and water (rain, sleet, snow, splashing water). It is shipped together with a 19" 170mm-deep shelf and pole-mounting apparatus. Optionally, a fan module and other accessories can be added.

Manufactured by **Vatpan**, the leading brand of **Rack Cabinet** solutions.

Possible products to be placed inside include network access devices, wireless devices (Wireless Modem/Router), video recorders (DVR), telephone junction boxes (junction box or splitter), Hub/Switch, external disk, UPS power supply, etc.
