

Technical Specification Sheet

Modular Control Console 400mm

SKU: MKK114060 · Brand: VATPAN · Modular Control Consoles

SPECIFICATIONS

Door Type	Solid Steel
-----------	-------------

WHERE IT'S USED

Factory Production Lines

Protects PLCs, contactors and motor drives from harsh industrial conditions.

Industrial Park Distribution Rooms

Enables safe, standards-compliant configuration of main and sub electrical distribution.

Energy Monitoring & Control Systems

Keeps meters, relays and monitoring equipment organized and accessible in one place.

DESCRIPTION

PRODUCT DETAILS

The modular control console is manufactured with a width of 400mm. Modular consoles can be joined side by side to create a seamless control line of any length you require — a single 400mm module can be used on its own for a small panel line, while several combined together can form a large control panel. It has an IP55 protection rating.

Vatpan is the leading brand of rack cabinet and industrial enclosure solutions.

MEASUREMENTS

Width	400mm
Protection rating	IP55
