

Technical Specification Sheet

Modular Monitor-Type Control Console
400mm

SKU: **MPK134060** · Brand: **VATPAN** · Industrial Electrical Enclosures

SPECIFICATIONS

Door Type	Solid Steel
-----------	-------------

WHERE IT'S USED

Factory Production Lines

Protects PLCs, contactors and motor drives from harsh industrial conditions.

Industrial Park Distribution Rooms

Enables safe, standards-compliant configuration of main and sub electrical distribution.

Energy Monitoring & Control Systems

Keeps meters, relays and monitoring equipment organized and accessible in one place.

DESCRIPTION

PRODUCT DETAILS

The modular monitor-type control console, 400mm wide, is manufactured with an additional compartment at the top suitable for placing a monitor/screen, unlike the standard modular console — preferred for operator control desks where the screen and control elements need to be combined in a single unit. Thanks to its modular structure, it can be joined side by side to form a combination of any desired length. It has an IP55 protection rating.

Vatpan is the leading brand of rack cabinet and industrial enclosure solutions.

MEASUREMENTS

Width	400mm
-------	-------

Protection rating	IP55
Supporting connection elements	2mm galvanized
