

Technical Specification Sheet

Opaque-Lid ABS Plastic Enclosure 35x50x20

SKU: **OTS355020** · Brand: **VATPAN** · ABS Enclosures

Part of the surface-mount ABS and polycarbonate enclosure range, this opaque-lid ABS enclosure has a sheet-metal base and is rated IP65 against dust and water ingress.

SPECIFICATIONS

Height	500mm
Width	350mm
Depth	200mm
IP Rating	IP65
Door Type	Solid Steel

WHERE IT'S USED

High Humidity / Dust Environments

Corrosion-resistant construction gives long service life in damp or dusty industrial settings.

Lightweight Industrial Facilities

Lighter than a metal enclosure, making installation and handling easier.

Chemical-Exposure Environments

Favored over metal where resistance to certain chemicals is required.

DESCRIPTION

PRODUCT DETAILS

Part of the surface-mounted ABS and polycarbonate enclosure group, this is an opaque-lid ABS enclosure with a sheet-metal base. In protection class IP65 it prevents the ingress of dust and water. Since the areas of application are exterior spaces exposed to environmental effects, it provides a degree of protection against the harmful effects that may occur on the equipment inside the enclosure due to the ingress of foreign solid objects (substances that could fall in, dust blown by the wind) and water (rain, sleet, snow, splashing water).

Manufactured by Vatpan, the leading brand in Plastic Electrical Enclosure solutions.

Barcode OTS355020

MEASUREMENTS

Width	350mm
Height	500mm
Depth	200mm
Protection class	IP65
• Protected against dust ingress and water jets in humid and wet areas	

MATERIALS & CARE

• ABS plastic raw material
• Unbreakable, Halogen Free
• Mounting plate manufactured from 1,5 mm galvanized sheet.
• IP 55 protection class
• CE Certified

This product is designed and manufactured by VATPAN under engineering and production processes that reference European standards. Visit vatpan.com for current technical documentation and certificates.
