WHERE IT'S USED

Expanding Existing Cabinet Infrastructure

Easily added to existing cabinets as cable management, cooling or power needs grow.

Easier Maintenance & Service

Practical solutions that speed up technicians' day-to-day operations and maintenance work.

DESCRIPTION

PRODUCT DETAILS

The wall-type 12 port SC Simplex fiber optic termination box is delivered as a "full set" with factory-installed SC-Simplex adapters, ready for immediate fiber splicing/termination right after installation. The metal clip-screw locking system keeps the contents of the box secure; the centrally welded, bolted splice cassette connection ensures reliable fiber terminations. With its 12-port capacity, it is suitable for fiber distribution points requiring higher port density.

Vatpan is the leading brand in rack cabinet and industrial enclosure solutions.

MEASUREMENTS

Width	300mm
Height	185mm (1U)
Depth	52mm
Sheet thickness	1.2 mm
Number of ports	12x SC-Simplex
